Record Print, Plymouth.

WARRANT.

The State of New Hampshire.

To the Inhabitants of the Town of Plymouth in the County of Grafton, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Plymouth, on Tuesday, the fourteenth day of March next, at nine thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see what sum of money the town will vote to raise or appropriate, in addition to that required by law, for the support and maintenance of the Free Public Library.

4. To raise such sums of money as may be necessary for the repair of highways.

5. To see what sum of money the town will vote to raise or appropriate, in addition to that required by an Act of the Legislature approved February 24, 1905, to be used for the permanent improvement of its main highways, such improvement to be made under the advice of the State Engineer.

6. To see what sum of money the town will vote to raise or appropriate to pay firemen.

7. To see what sum of money the town will vote to raise or appropriate for the decoration of soldiers' graves.

8. To see if the town will vote to authorize the selectmen to borrow money to pay the debts of the town and give notes therefor, countersigned by the Town Treasurer, the said notes to be exempt from taxation.

9. To choose the Library Trustee for a term of three years.

10. To see what sum of money the town will vote to raise or appropriate to pay Keniston band for open air concerts during the summer of 1916.

11. To see what action the town will take in regard to oiling the streets.

12. To see what sum of money the town will vote to raise for sidewalks.

13. To see what sum of money the town will raise for the repair of bridges.

14. To choose a Board of Trustees, who shall have the care of trust property, said Board to consist of three members, one to be chosen for one year, one for two years, one for three years.

15. To see what action the town will take in adjusting the salary of its Board of Supervisors.

16. To see what action the town will take in adjusting the salary of Town Auditors.

17. To see what action the town will take in adjusting the salary of the Justice of the Municipal Court of Plymouth, and its Probation Officer.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord nineteen hundred and sixteen.

REPORT OF SCHOOL BOARD.

We herewith submit our report of the Plymouth Public Schools for the fiscal year ending Feb. 15, 1916.

The schools have been maintained at the usual standard and our work in relation to them has been the ordinary routine of providing teachers, text-books, supplies, etc.

It will be observed that the financial report is in a different form than in previous years. The present form is recommended and desired by the State Department of Public Instruction for use throughout the State. It will, we expect, be permanent and permit intelligent comparison from year to year, and with other districts.

The extraordinary expenses have been larger than usual. The cost of cleaning, grading and seeding down the High School grounds and fixing the walks, of remodeling a room for the domestic arts classes, and providing equipment for the same, and of other unusual items amounted to a substantial sum. We have shingled the Livermore and the Sargent school houses and made such minor repairs to all the buildings as seemed necessary. Owing to lack of pupils in that section, the Sargent school has been unoccupied for some years but, of course, the building must be kept weather tight.

The new High School bonds authorized at the last annual meeting, also the Model School bonds on hand a year ago, have been sold and the proceeds used to pay the notes of the district. Thirty-five hundred dollars of bonds matured January first, and have been paid.

The debt of the district is now funded so that approximately the same amount of money will be re-

quired each year for payment of principal and interest until the last bonds mature; that is to say, as the debt grows smaller the annual principal payment (amount of maturing bonds) increases to offset the reduction in the interest charges.

The recommendation below for the appropriation for support of schools in addition to the amount required by law has been made in detail. In our judgment the several amounts are approximately correct but it may be necessary to transfer unexpended balances of any items to meet deficiencies in others. We believe the total amount is sufficient.

We recommend that the district raise the following sums in addition to the amount required by law:

For salaries, "	\$1,443 00
Flags and staffs,	10 00
Transportation of scholars,	150 00
Repairs,	350 00
Janitor service,	675 00
Insurance,	350 00
Text books and supplies,	1,000 00
Fuel,	900 00
Lights and water,	110 00
Miscellaneous,	675 00
Payment of debt,	3,500 00
Payment of interest,	2,837 00
<hr/>	
A total of	\$12,000 00

Respectfully submitted,

RICHARD J. McLEAN,

FRED P. WEEKS,

JOHN KENISTON,

We have examined the foregoing accounts of Henry W. Rogers, Treasurer of the Plymouth Village Fire District, Water Department, and find it correctly cast and properly vouched. At the same time we burned the following bonds: Nos. 61 and 62 at \$1,000.00 each and No. 60 for \$500.00, and paid coupons to the amount of \$586.25. The above accounts for the year ending January 1, 1916.

WATER COMMISSIONERS' REPORT.

The new work of the past year consisted of completing the laying of a six inch pipe on Wentworth street, the installing of ten new meters and the drilling of an Artesian well authorized by the precinct. The Artesian well is 428 feet deep. Water comes to within 12 feet of the top. An all day pumping test was made with a pipe down 162 feet, maintaining a constant flow of from 45 to 60 gallons a minute, lowering the well only 70 feet. This seems to be remarkable, considering the fact that water does not enter the well until a depth of about 325 feet. Experts maintain that by putting a pipe down 250 feet, a flow of one hundred or more gallons a minute could be pumped. The fall from the top of the Artesian well to the top of the overflow at the reservoir is $44\frac{1}{2}$ feet. In view of this fact it seemed plausible to attempt syphonage. A ditch is being dug and pipe laid to test its feasibility, and we hope at the precinct meeting to give more definite information. At the present time all of the active and large consumers of water are metered.

Respectfully submitted,
GEORGE H. BOWLES,
WILLIAM M. PEPPARD,
RICHARD J. McLEAN,

Water Commissioners.
